WALTHAM, MASSACHUSETTS

"CENTER OF INDUSTRIAL GROWTH IN MASSACHUSETTS"

WALTHAM'S population is 55,207 with a potential shopping population of 500,000 as it is the trading and working hub of a wheel that has 29 suburban shopping community spokes in its circumference of Commerce. (Estimated 1962 population, 60,000).

WALTHAM is 9 miles west from the port of Boston, situated on the Charles River, and served by the Boston and Maine Railroad, Massachusetts Central Division, Watertown Branch line and eleven lines of Middlesex and Boston St. Ry Co. busses.

The city has excellent business and manufacturing facilities.

THINK OF WALTHAM AS THE CITY

As a City Economically in Balance — with a clear vision of where it is going.

Where the first single Board of Government in Massachusetts was adopted.

Where kerosene oil was first refined and made available for household usage.

Where chalk crayons were invented and first made.

Where all the operations of cotton cloth were first performed under one roof.

THE CHAMBER OF COMMERCE

Through the public spirit and splendid co-operation of its business community, government & citizens, Waltham maintains an active Chamber of Commerce, the slogan of which is:—

THE COMMUNITY DEVELOPMENT
FOR THE ECONOMIC GOOD OF ALL

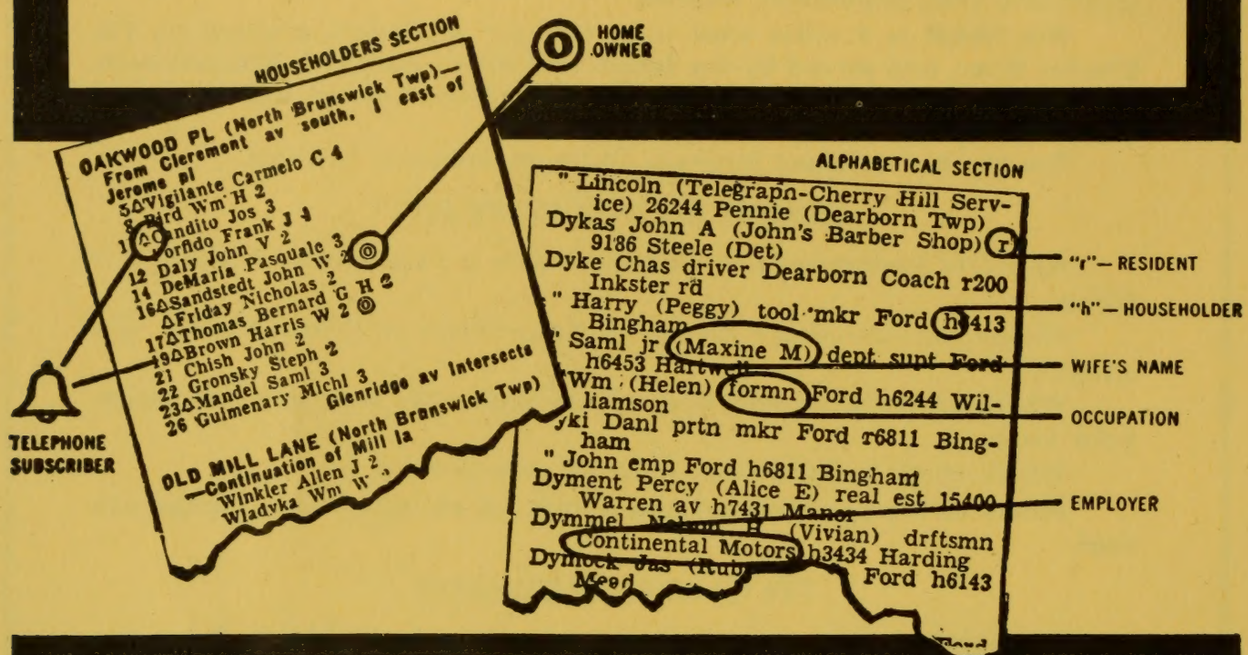
DIRECTORY SYMBOLS AND DESIGNATIONS



IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

INTRODUCTION
AND
GENERAL INDEX

R. L. POLK & CO., publishers of more than 1,000 city, county, state and national Directories, present to subscribers and the general public, this, the 1962 edition of the Waltham City Directory.

Confidence in the growth of Waltham's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Waltham to the world.

The enviable position occupied by R. L. POLK & CO,'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Waltham Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department, printed on goldenrod paper, and contains the advertisements of leading manufacturing, business and professional interests of Waltham. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Waltham, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

II. THE CLASSIFIED BUSINESS DIRECTORY is the second major department, printed on canary paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispendable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such, it plays an important part in the daily activities of the commercial, industrial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

III. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the third major department included on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Waltham, and the name, official personnel, nature and address of each firm and corporation in the city.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the fourth major department printed on green paper. In this section the numbered streets are arranged in numerical order followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Waltham.

The Waltham Directory Library

Through the courtesy of the publishers of the Waltham City Directory, a Directory Library is maintained in the offices of the Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in the chief cities and towns of the U. S., Canada and Puerto Rico by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Temperature Information

Mean Temperature, 46.5 degrees.
Highest Recorded, 102 degrees.
Lowest Recorded, 27 degrees.

Location

Situated on the beautiful Charles River, nine miles west of Boston, the rich and fertile plain on which stands the present city of Waltham was called "Eden Vale" by the earliest settlers. Altitude 67 feet, total area 13.56 square miles.

Incorporated

In 1738 this area, which then comprised the Western Precinct of the town of Watertown was incorporated as a separate town and named Waltham, but it was not until the establishment of a paper mill in 1788 that it became anything more than an agricultural community.

Gore Place

One of the early Governors of Massachusetts, Christopher Gore (1805) built a magnificent house with bricks brought from England, and surrounded it with imported shrubs and trees. This house and the extensive grounds were used for several years as the property of the Waltham Country Club. The property, especially the house and immediate grounds, is being restored to its former grandeur and historic attractiveness by the present owners, the Gore Place Society.

Lyman House (The Vale)

This magnificent and unsurpassed country residence has been presented to the Society for the Preservation of New England Antiquities through the generosity of five children of the late Arthur and Susan C Lyman, descendents of the original Theodore Lyman. It is located on Lyman Street at its junction with Beaver Street. Erected in 1793 by Theodore Lyman, a Boston merchant, "The Vale" was designed by the noted American architect Samuel McIntire. Several features of the spacious building reveal Bulfinch's influence on the great Salem architect of that early day, McIntire. The house is a central motif of an estate of 36 acres with spacious lawns, old and modern greenhouses and many attractive shrubs, flowering vines, plants and trees, some of the latter being 200 year old specimens. The place is open for inspection from early June until the middle of September with a nominal charge of admission to help maintain the interesting estate.

Boys' Club of Waltham

One of the nation's finest youth centers occupies 38,000 square feet of land on Exchange Street, a short distance from Central Square. Valued at an estimated million dollars, the Waltham Boys' Club was erected for $680,000 on a "self-help" plan designed to make two dollars do the work of three. Citizens raised $190,000 in a capital fund drive and by self-help qualitied for matching dollar assistance from the Charles Hayden Foundation to complete the facility, which also serves as a community center. The building, dedicated on November 24, 1952, is designed for a membership of 2,000 boys. It contains the William H. Nichols Gymnasium, the Thomas Worcester Auditorium, a flush-deck swimming pool with spectator facilities for 300, games and crafts rooms, a dining room with full kitchen for civic meetings and a conference room. Special activities are made available to girls, as well as to adult groups, without encroaching upon the boys' schedule. The Boys' Club is a Red Feather agency and supported in part from funds raised by the United Community Services of Greater Boston.

"Waltham, The Precision City"

"Waltham, The Precision City" was for many years called the "Watch City" because the making of fine watches was originally its principal industry. The Waltham Watch Company, one of the largest manufacturers of watches in the world, made fine watches by machinery as early as 1854. It has now discontinued operations in Waltham and maintains headquarters offices in Chicago, Illinois. A portion of the building is now used by the Waltham Precision Instrument Company, and several other concerns occupy the remainder of the space.

Diversity of Industries

There are 248 industries, service and warehousing firms. Of the 248, there are 233 industries engaged in the manufacture of clocks, precision machinery, jewel bearings, dairy and poultry food, pest exterminators, mica products, electrical switches, batteries, salesbooks, loose leaf account systems, grinding wheels, rivets, gauges, rayon metering pumps, and radar and electronics, along with hundreds of other products.

Agriculture

Although Waltham has long been known throughout the world as the home of high grade industries engaged in the manufacture of quality products. It has always maintained its position as an important agricultural center. Here are located the headquarters of the Middlesex County Farm Bureau. In the beautiful section of the city known as Cedar Hill is located the Waltham Field Station, a branch of the University of Massachusetts. Experiments are in progress in vegetable gardening, fruit growing and ornamental horticulture. Civic pride is strong among the residents of Waltham, and at the Field Station our citizens receive help and free information regarding the maintenance of their lawns and shrubbery and the general upkeep of the home grounds.

Meters-Post Office Receipts

Statistics of interest show 16,888 electric meters; 32,777 telephone stations. 11,268 water meters; 11,418 gas meters; postal receipts of $1,311,824.04 for the year 1961.

2300 Store Employees—487 Stores

Waltham stores are well stocked and well managed and carry a complete range of merchandise at prices as favorable as any in the large centers. Approximately 2,300 persons are employed in Waltham's approximate 487 retail outlets, on a full-time basis. An extra 1,009 are employed on a part-time basis.

Banking Facilities

The Newton-Waltham Bank & Trust Co, a fine and progressive commercial bank, has resources of $74,830,419.32. Waltham has a Savings Bank over 100 years old with deposits of $45,209,546. The Waltham Federal Savings & Loan Association was organized in 1880. Federalized March 1, 1937, and the present resources are $51,184,250. The Waltham Citizens National Bank was opened on September 5, 1946 and lists resources of $9,441,823.19. The Guaranty Trust Co., opened January 21, 1952 and lists resources of $11,548,414.65. The Middlesex Family Co-operative Bank started operations on January 25, 1954, and lists assets of $2,375,521.43 as of December 31, 1961.

25 Churches

There are twenty-five church congregations, also numerous philanthropic societies, including the Waltham Community Fund Inc., embracing 8 relief, social service, philanthropic and character-building agencies.

Fraternal Societies

Nearly every leading fraternal society has at least one branch in the city, while some have more than one. The stranger in the city will find here to welcome him those affiliated with his own organization.

Theatres

Two theatres present moving picture entertainment in Waltham, The Embassy Theatre has a seating capacity of 2,093.

5,240 Hospital Beds

There are 4 hospitals, the Waltham Hospital. 183 beds and 28 bassinets; the Middlesex County Sanatorium, 350 beds; the Metropolitan State Hospital for the care of mental cases, present capacity 2,154 beds; and the Walter E. Fernald State School for the Feeble Minded, the oldest of its kind in this country, present capacity 2,525 beds.

Waltham Housing Authority

The Waltham Housing Authority, established in 1948, constructs, manages and maintains housing for families of low income and elderly persons 65 years of age and older. Rentals are based on income and family size, with Veterans preferance for family size units.

At the present time there are 362 units including: Chesterbrook Gardens, 100 apartments; Prospect Terrace, 146 apartments; Dana Court, 32 apartments; Carey Court and Beaver Brook Apartments for the elderly, 84 apartments. The Authority is in the planning stages for approximately 50 additional units for the elderly.

Pending establishment of a Redevelopment Agency, the Authority under the State Law, also acts as a Redevelopment Agency and has started one survey under Urban Renewal provisions of the Federal Housing Law.

The Waltham Housing Authority Chairman is Ball Bartlett; Charles A. Lawless is the executive director, and his office is located at 5 Brookway road, Waltham.

1843—The Railroad

The Fitchburg Division of the Boston & Maine Railroad Company was opened as far as Waltham, November 10, 1843 and to travel, December 20, 1843.

Becomes A City

Waltham had outgrown town government, and was incorporated a city on June 2, 1884. The last six decades have seen a rapid increase in the number of homes within its borders, not at all surprising in view of the advantages which Waltham offers both to those who commute to Boston and to those who work near their homes. There are excellent bus lines which connect with the Metropolitan Transit Authority system at several points.

Population

Waltham's population in 1765 was 663; in 1865--6,896; in 1930—39,247; in 1940, 40,020; in 1945, 43,579, in 1950, 47,187; in 1955, 50,115; in 1960, 55,413; with a potential population of approximately 520,000 residing in 29 communities that comprise the Waltham Shopping District. It is essentially an industrial city with a very definite shopping center serving many communities which latter form a complete circle about Waltham. Waltham is making a substantial growth as a residential city.

Transportation Facilities

Waltham is situated in the fourth largest metropolitan district, which in itself insures an excellent local market for all kinds of products. It is connected with Boston by two railroad lines, the Massachusetts Central and the Fitchburg Division of the Boston & Maine Railroad, the latter offering excellent rail shipments to the Central, West, Far West and Northern and Canadian points. Motor truck lines add to the ease of quick shipping facilities. Together with the Watertown Branch, these three roads provide ample shipping facilities, with spur tracks available when needed. It is only a short haul by truck to tap the main line of the Boston & Albany Railroad at Newtonville providing quick rail transportation to points South and West. Inter-city bus service is provided by the Middlesex & Boston Street Railway Co.

1788—The First Mill

Paper manufacturing was the chief business of the town in the early days. Here, in 1788, John Boies, taking advantage of the waterpower privileges on the Charles, built a paper mill. This was soon followed by similar mills at the western and eastern boundaries of the town. In 1812 the Waltham Cotton and Wool Factory Company started operations at the site of the large mills of the Waltham Bleachery and Dye Works, Inc., on River Street. In 1813 came the Boston Manufacturing Company, famed the world over as the first complete cotton mill to include both spinning and weaving by power under one roof. The Waltham Bleachery and Dye Works, Inc., was established in 1820 as the first bleachery and dye works in the world. Buildings are now occupied by Raytheon Manufacturing Company.

Motor Routes

For the motor enthusiast, Waltham is an ideal center. Many main thoroughfares converge at Waltham Common, giving a choice of routes to the Berkshire Hills, Cape Cod, or the White Mountains. U. S. Route 20 passes through Waltham to Boston, 9 miles east. Route 128 by-passes the city at its westerly boundary with Weston. The Massachusetts Turnpike eastern terminus is located 1.7 miles south of the Route 128-20 junction in Waltham.

Labor Supply

Waltham has both skilled and unskilled labor. Much of this population is native New England stock with a permanent residence in the city or nearby communities. Fire hazard and insurance rates are low.

Industrial Sites

Industrial sites are not too plentiful. A few are still available. The Waltham Chamber of Commerce has for over a score of years maintained an active, alert and able Industrial Development Bureau. It has a splendid record of achievements.

Advantages of Waltham

Waltham has splendid roads, fine schools, congenial social conditions, a rated standard of citizenship, convenience to shipping points, nearness to a market, excellent transportation facilities, sanitation above average, abundant recreational and amusement facilities, the advantages of homes in the open spaces combined with urban conveniences—these are the qualities that go to make a city desirable—and Waltham has them all.

The Waltham Chamber of Commerce, composed of over 600 business and civic leaders of the city, welcomes inquiries and will be glad to make a complete and intelligent survey of the situation for acceptable prospective industry or business.

Waltham will continue to register a very definite increase in population, development of its Retail Shopping District and during the next five years will make a decided gain in the number of new residences. With a very favorable cost of living figure and a proximity to Boston, the Waltham district is proving very attractive to many industrial and business houses in addition to home seekers.

Public Services

Waltham's water supply is from the Metropolitan District Commission. Practically all of the residential and business districts are connected with the sewer of which there are now 103.77 miles. Disposition of the sewage is made through the South Metropolitan system. The tax rate in Waltham is $53.40 (1959).

Valuation

The valuation of the city as of January 1, 1961, was $125,152,200. On January 1, 1961 there were 27,000 cars registered. There are 9,723 residences and 14,484 families.

I. B. E. W. Headquarters Building

The former Hamblin L. Hovey Memorial Institute, a brick structure of attractive design, is located at 545 Main Street. The building is now owned by the International Brotherhood of Electrical Workers and houses the offices of Local 1505 which services the employees of the Raytheon Manufacturing Company. In addition to these offices, the main auditorium seats 1,112. A small lecture hall, served by a kitchen, accomodates approximately 75 people.

An Unique Institution

The Jonas Willis Parmenter Rest Home Inc., a charitable institution, provides room and board without charge as a temporary Rest Home for women of Waltham who need such care.

The recently constructed Parmenter Apartments are rented at cost and provide unique three-room apartments for single women residents of Waltham.

Waltham Public Library

The Library building, the gift of Francis Buttrick, is a structure of beauty located close by the attractive Waltham Post Office building on Main Street. In addition to other lecture rooms, it houses the Sears Memorial Gallery which offers a meeting place for concerts by talented artists.

U. S. Army, Corps of Engineers, New England Division

The former Murphy Army Hospital on a 93 acre plot of highly elevated land is now occupied by the Corps of Engineers, U. S. Army, New England Division. Those stationed there are engaged in civil and military construction. Brigadier General Alden K. Sibley is the Division Engineer.

Educational Advantages

Waltham is the center of an area of educational institutions many of which are world-known. Within an area of less than 20 miles are the following prominent educational institutions:

Academy of the Assumption, Academy of Notre Dame, Andover Newton Theological School, Babson Institute, Boston College, Boston University, Cambridge School, Inc., Dana Hall, Emmanuel College, Forsyth School for Dental Hygienists, Harvard University, Jackson College, Lasell Junior Colege, Leslie School, Massachusetts Institute of Technology, Massachusetts School of Art, Milton Academy, New England Conservatory of Music, Newton Junior College, Northeastern University, Perkins Institute & Massachusetts School for the Blind, Portia Law School, Radcliffe College, Regis College, Sargent School, Simmons College, Suffolk Law School, Tufts College, Wellesley College, Weston College, Wheelock School, Massachusetts School of Optometry, Massachusetts College of Pharmacy.

Public Schools

Waltham's 9,370 pupils are housed in 19 brick buildings, 393 teachers, The high school and 3 junior high schools have excellent gymnasiums. The 3 junior high schools and 10 elementary buildings have adequate assembly halls which are extensively used by the public. Kindergarten, opportunity classes, 6 trades, vocal and instrumental music, art, college preparation, business and clerical training are among the educational opportunities.

Parochial Schools

In addition to its public schools, Waltham has five parochial schools. 2 of which provide High School courses. St. Joseph's Grammar School has an enrollment of 819 and St. Mary's High School has an enrollment of 253 boys and 209 girls. St. Charles Grammar and High School an enrollment of 572 and St. Peter's an enrollment of 434.

Brandeis University

Brandeis University, one of the nation's youngest institutions of higher learning, was launched in the fall of 1948 with impressive inaugural ceremonies held in the presence of the presidents and official representatives of more than 200 American and foreign colleges and universities. The University campus includes 250 acres beautifully located on hills overlooking the Charles River and sections of Boston, Cambridge, Watertown, Newton and Waltham. Brandeis is named after the late Justice Louis Dembitz Brandeis of the United States Supreme Court. The chairman of the Board of Trustees is Mr. Abraham Feinberg, prominent New York industrialist. Dr. Abram L. Sachar, nationally known author and historian, serves as the first President of the University.

Brandeis admitted its pioneer freshman class of 100 students in the fall of 1948. Each succeeding class has been increased in size and in the academic year 1959-1960 the four classes entolled totaled 1,226. The first undergraduate class graduated in 1952.

The University has announced a master plan for the development of its facilities which provide for the construction of 50 new buildings during a ten year period at a total cost estimated at $22,715,000. Construction on the first buildings has already been accomplished.

Brandeis University places great emphasis upon high academic standards and limits its entollment so as to retain the advantages inherent in a small student body. It became an accredited college in December, 1953. Dr. Sachar summarizes the University's objectives as follows: "Our intention is to maintain a small institution in which the student-faculty ratio shall be kept at a level where the capacities of each boy and girl may be fully developed." Brandeis participates in inter-collegiate athletic competion; and presents a bi-annual Creative Art Festival during which the university is host to many outstanding personalties from the worlds of music, drama, literature and art, offering them an opportunity to present their latest works.

The graduate school in Arts and Sciences, opened in September, 1953, leads to the master's degree and doctor's degree in the areas of Biology, Chemistry, English and American Literature, History of Ideas, American Civilization, Music, Near Eastern and Judaic studies, Physics and Psychology, Sociology, Anthropology. Present enrollment is 241.

Chapel Hill School For Girls

The Chapel Hill School, formerly The Waltham School for Girls, located on Lexington Street, one mile north of City Hall, was founded in 1860 by Benjamin Worcester and was co-educational. In 1912 it became the Waltham School for Girls. The property is owned and controlled by the New Church Institute of Education. The estate embraces approximately 21 acres of rolling land with sloping hillsides bordered by a clear running stream and made picturesque by beautiful old shade trees. Chapel Hill School embraces studies in grades seven and eight as well as full High School courses. It is a day and boarding school which acts as a home school for young people from the lowest grades through preparation for college. Wilfred W. Clark is principal.

Norte Dame Training School

One of the very attractive educational institutions of Waltham is the estate of eleven acres forming the grounds of the Notre Dame Training School, and also the Provincial House of the Eastern Province of the Sisters of Notre Dame de Namur. The buildings of stucco are of plain but stately architecture, well set off by most attractive grounds. This institution is operated under the direction of the Sisters of Notre Dame de Namur which organization started its work in the United States in 1840; in this Commonwealth in 1849 and in Waltham in 1889.

Recently a three-story brick structure with cloister connections to the main building on the basement, first and second floors, was constructed. There are about thirty-five rooms including Community rooms, Library, Class-rooms. Study Hall and Recreation rooms and accomodates about one hundred novices.

Sacred Heart Retreat House

Situated at 554 Lexington Street on 37 acres of land is the Sacred Heart Retreat House which holds week-end Retreats and Days of Re-collection for Men and Women.

The Retreat House is conducted by the Stigmatine Fathers who have converted what has been their Juniorate, a training school for future Stigmatine Priests and Brothers, since 1922, into a secluded haven for spiritual thought and guidance. The buildings are nestled in a background of beautiful lawns, shrubbery and trees.

The Sacred Heart Retreat House, founded in 1953, is the first of its kind in this community. Its purpose is to provide spiritual advancement for each individual who may wish to take advantage of its offerings.

Green Acres Day School Inc.

Green Acres Day School, Inc., is located on the old Clark Farm at 399 Lexington Street, Waltham. This farm comprises 30 acres of meadows, woods and streams. Enrollment is for children between the ages of $2\frac{1}{2}$ to 6 years of age and the school provides pre-school and kindergarten training. The enrollment is approximately 170 children covering an area comprising Waltham, Watertown, Belmont, Lexington, and Newton. There are morning and afternoon sessions and transportation is provided. The school also operates a summer day camp for 250 boys and girls, ages 3 to 10. The program includes nature, campcraft, woodworking, arts and crafts, sports, music, dramatics and archery. Swimming is taught by qualified instructors in three swimming pools.

Waltham Chapter, American Red Cross

The Chapter House is located at 22 Appleton Street. The house provided 11 rooms in which all chapter activities are centered, with well equipped offices and spaces for all the different phases of local Red Cross work. There is a good-sized meeting room for working volunteers and for several of the outstanding services of the chapter including blood service, armed forces, community service and disaster relief work. Miss Stella M. Mazur is Executive Director.

The Waltham Chamber of Commerce

It is Waltahm's largest and outstanding civic and commercial organization. Its membership embraces over 600 of the business and civic leaders of the Community. Incorporated in 1917, it has been a dominant factor in the remarkable growth of this city, thus giving a prestige to those enrolled in its membership.

Recreation

With parks, playgrounds and other facilities for outdoor recreation, Waltham is bountifully supplied. In the very heart of the city there is an unusually fine Common of 7.20 acres on which is located a stately as well as attractive City Hall. Prospect Hill Park is a natural beauty spot of 265.89 acres, such as can seldom be found within walking distance of a busy city. It is the highest elevation within the city limits and a vista of over 40 miles is obtained from its vantage points. It is provided with good roads, enticing pathways and camping sites and includes a ski slope with rope tow. Ski instructions are offered by the Prospectors Ski Club when the ski area is operating. The State Girl Scouts have spacious grounds at Cedar Hill, left for the purpose by Miss Cornelia Warren. The grounds embrace acres with many interesting features and with an area for camp sites, on which Scout Troops from various cities of the Commonwealth locate their camp houses. There is also the High School Athletic Field of 10.50 acres and 15 active playgrounds of 65.13 acres and 5 on school sites, competently supervised with an efficient corps of instructors. The Charles River, with facilities for boating and canoeing in the summer, and ice sports in the winter, has long been famed as a pleasure stream in New England. The Metropolitan District Commission maintains a public outdoor swimming pool staffed by qualified life guards who also instruct classes in swimming. A modern bath house has been erected adjacent to the pool. During the winter months the pool is covered and frozen for use as a public ice skating facility. One of the largest and most modern roller skating rinks in the east is located in Waltham. Regional and national roller skating contests have brought champions to the Waltham Rollerway to compete for honors. Waltham claims some of the largest and most modern bowling alleys in New England. The facilities are available for league play and public bowling.

Cabot Reservation
Community Program of Boston Young Men's Christian Association

The Boston Y. M. C. A. sponsors a year round recreation program at the Cabot Reservation, 725 Lexington Street, Waltham, for people of all ages in the Waltham area. Located on a lovely wooded 85 acre site are four day camp buildings, an outdoor swimming pool and bath houses, and the home of Program Director George W. O'Brien Jr. The acreage includes picnic grounds, two ball fields and other recreation facilities available to boy scouts, girl scouts, church groups, industrial and social clubs and others for outings and group activities. Camp Cabot, a summer camp program, includes four day camp periods for boys and girls from 6 to 13 years old. The Cabot Club is a family membership program allowing privileges of the ares and use of the pool from 5 to 9 daily and 1:30 to 6 P. M. on week-ends.

Historical Data

1835—Francis F. Field, a dentist living on River Street, inaugurated school crayons (chalk). Zenas Parmenter secured control of this highly promising industry, and a small factory was erected at the corner of Lexington and Pond Streets. Later moved to Felton Street.

1855—Luther and William Atwood produced in a small factory east of Prospect Street Bridge a "clear, sweet-smelling oil" from a petroleum pitch secured from Canadian sources. This discovery led eventually to the first refining in America of Kerosene oil for domestic use.

1860's—Several prosperous shoe factories existed in Waltham during Civil War Days. One concern produced 5,000 pair of "brogans" a month.

1885—Waltham Business Men's Association organized. First of series of splendid and colorful carnivals on the Charles River. Last one during Tercentenary, August 12, 1930.

1894—"Orient" bicycles made by Waltham Manufacturing Company.

1896—American Waltham Manufacturing Company makes "Comet" bicycles.

1911—Aviation Exhibition at Metz Field, 30,000 attended. The first aviation meet of any importance in New England.

1912—Plan D commission form of government considered. Adopted by voters, 1917.

1913—Celebration, 175th Anniversary of township, (1738). 100th Anniversary of Boston Manufacturing Company. Grade Crossings! Boston & Main Railroad Company reports "no funds" for the project.

1914—Board of Trade joins Chamber of Commerce of the United States.

1915—Three city departments consolidates: Engineering, Water and Sewer. Cornerstone placed at St. Charles Church. Public Library building, Main Street, dedicated. First established, 1865.

1916—New England Mica Company established on Woerd Avenue. Clarence D. Howe, Alice Worcester nuptials. (Mr. Howe later served as Minister of Defense for Canada). Reorganization of Board of Trade. Chamber of Commerce established. Late Shirley H. Eldridge first president. Voting machines used here for first time.

1917—Trolley car fares advance 7 cents. Waltham Home Guard organized. Petitions out for Plan D (commission) form of goverment. Waltham Chamber of Commerce Incorporated.

DO YOUR EMPLOYERS FURNISH YOU WITH THE LATEST EDITION OF THE CITY DIRECTORY?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CAUTION....

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for.

The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

OUT OF MIND!
OUT OF BUSINESS!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

THE CITY DIRECTORY IS THE NATURAL MEDIUM FOR KEEPING A BUSINESS OR PRODUCT NAME IN THE SPOTLIGHT. *INSIST ON BEING WELL REPRESENTED IN ITS PAGES.*

"r" AND "h"

Two important symbols are used in your City Directory. The symbol "r," before an address stands for "Resident." That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

A STATEMENT
OF
ADVERTISING PRINCIPLES

1. Good Advertising — aims to inform the consumer and help him to buy more intelligently.

2. Good Advertising — tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. Good Advertising — conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. Good Advertising — recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1962

Copyright, 1962, by R. L. Polk & Co.

Giving the Location of Streets, Avenues, Places, Parks &c, showing what other streets and places run from or across them.

The Streets are arranged in Alphabetical order with the location of Intersecting Streets clearly shown.

* Indicates public streets.

** Indicates streets partly public, partly private.

The Boston Postal District in which Waltham is included has been divided into numbered zones. Mail addressed to Waltham will carry No. 54 as part of the address.

Names of residents and business houses are arranged in numerical order upon their respective streets; on streets that are not numbered ciphers are used in place of a street number.

After the name of a street the word Street is omitted; The words Newton, Lincoln and Lexington, when referring to city or towns of those names, are followed by the word Line; when not followed by the word Line they are names of streets.

* An asterisk preceding a house number signifies that the house is incorrectly numbered.

The symbol ◎ following the name of a householder indicates that the house is owned by the person listed, or by some member of the family.

This information is as received by the canvasser. The publisher does not and cannot guarantee its correctness.

Telephone numbers as supplied to us on our canvass are shown opposite names. (Exchange is TWinbrook unless otherwise noted.)

Abbreviations are listed at beginning of Alphabetical Section.

(This section includes some listings reading "No Return." In each case the publishers tried dilligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

(The numerals that appear at right edge of columns ahead of street descriptions and some street intersections are merely for the guidance of the publishers and have no other significance.)

Out of Sight--Out of Mind

☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

☆

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*
